

POSITION TITLE: Clinical Supervisor, Child & Family Therapy Program
PART TIME: 7 - 8 hours per week
REPORTS TO: Director of Child & Family Programs

Role Overview

Maple Counseling seeks a Child and Family Therapy Clinical Supervisor to join our professional team. Maple Counseling is a non-profit 501(c)3 whose mission is to provide low-cost mental health services to individuals of all ages, couples, and families throughout Los Angeles County, and to provide clinical training for graduate and postgraduate students working towards licensure in the mental health field. Maple Counseling is known for the quality of our clinical training, our expertise in psychodynamic work, and the collegial atmosphere of the clinical staff. We recently celebrated our 50th Year Anniversary of dedicated service to the community.

It is an exciting time to join Maple Counseling. We have moved to a brand-new facility in mid-city Los Angeles and look forward to new programs and growth. Our strategic plan identifies expansion of our services for children, youth and families as a key goal. In addition to shaping the professional development of future clinicians, the Clinical Supervisor will participate in the evolution of a training organization. Maple Counseling aspires to be the premier training site in Los Angeles for pre-licensed mental health clinicians. This goal can only be met with a stellar team of experienced senior therapists who supervise, train and mentor our interns.

The ideal candidate will be an engaging supervisory group facilitator with a wealth of clinical experience treating children and families. A strong background in attachment theory, family systems, and trauma/resiliency-informed approaches is particularly desirable. There will be opportunities to teach and train, as well as connect with a dynamic team of colleagues and the many alumni of Maple Counseling in the larger clinical community.

This is a hybrid remote position. Until recently supervision groups and staff meetings have been conducted remotely (Zoom), but we are currently in the process of transitioning some (or all) groups and meetings to in-person. In-clinic presence will be required.

CLINICAL RESPONSIBILITIES:

- Conduct weekly group supervision with six to eight pre-licensed interns (trainees and associates) in the Child and Family Therapy training program. Guide interns in clinical interventions consistent with attachment and psychodynamic theory and family systems therapy. Facilitate group discussion and intern case presentations.
- Monitor cases for risk/reporting/legal issues. Respond to clinical emergencies and guide interns through challenging client issues.
- Review/approve clinical documentation (initial assessment, treatment plans, progress notes, termination summary, etc.)
- Sign off on intern hours of experience and complete required BBS supervisor forms.

- Provide interns with ongoing clinical and professional feedback, verbally and via written evaluations.

ADMINISTRATIVE RESPONSIBILITIES:

- Oversee intern compliance with Maple Counseling policy and terms of agreement (adequate caseloads, prompt submission of documentation, support of Maple Counseling policy with clients, etc.).
- Evaluate skill development of assigned interns. Provide written feedback as required by the graduate schools.
- Communication with the graduate schools as needed.
- Keep the Director of Child & Family Programs fully informed of any potential legal or ethical issues that may impact the integrity of Maple Counseling.
- Interview and select intern applicants for incoming training cohorts.
- Participate in weekly CAF and clinical staff meetings.
- Consultation with administrative staff as needed.

REQUIREMENTS:

- Active clinical license in CA: Psychologist, LCSW or LMFT.
- Minimum of 3 years post licensure experience.
- Strong clinical (attachment theory and/or psychodynamic) background is essential. In addition, experience in other treatment approaches is welcome.
- Ability to effectively teach clinical interventions and provide feedback that fosters professional growth.
- Qualified to supervise Trainees and Associates in CA per BBS requirements.
- Expertise in early childhood development strongly preferred.
- Expertise in trauma treatment strongly preferred.
- Experience with an electronic health record (EHR) strongly preferred.

Employment Type

Part Time, Hourly **7 – 8 hours per week**

\$50 per hour

Benefits include Paid Time Off; opportunity to participate in agency 403(b) retirement plan.
