

POSITION TITLE: Adolescent Therapy Program (ACT) **Clinical Supervisor**
PART TIME; 8 hours per week

REPORTS TO: Director of Child, Adolescent and Family (CAF) Programs

Role Overview

Maple Counseling seeks a **Clinical Supervisor** in the Adolescent Therapy (ACT) Program to join our professional team.

Maple Counseling is a non-profit 501(c)3 whose mission is to provide low-cost mental health services to individuals of all ages, couples, and families throughout Los Angeles County, and to provide clinical training for graduate and postgraduate students working towards licensure in the mental health field. Maple Counseling is known for the quality of our clinical training, our expertise in psychodynamic work, and the collegial atmosphere of the clinical staff. This year we will celebrate our 50th Year Anniversary of dedicated service to the community.

It is an exciting time to join Maple Counseling. In addition to shaping the professional development of future clinicians, the Clinical Supervisor will participate in the evolution of a training organization. In late 2022 we move to our brand-new facility in mid-city Los Angeles, and look forward to new programs and growth. We are expanding our child, adolescent and family services and planning new partnerships. Maple Counseling aspires to be the premier training site in Los Angeles for pre-licensed mental health clinicians. This goal can only be met with a stellar team of experienced senior clinicians who supervise, train and mentor our interns.

The ideal candidate will be an engaging supervisory group facilitator with a wealth of clinical experience in treating adolescents and families. A strong background in attachment theory, trauma and resilience-informed approach, and family therapy is particularly desirable. There will be opportunities to teach and train, as well as connect with a dynamic team of colleagues and the many alumni of Maple Counseling in the larger clinical community.

At the present time, due to COVID-19, all supervision groups and staff meetings are conducted via remote platforms. When conditions allow, in-person supervision groups and staff meetings will resume.

CLINICAL RESPONSIBILITIES:

- Conduct weekly group supervision of six to eight Adolescent Therapy (ACT) interns, and guide interns in clinical interventions consistent with attachment and psychodynamic theory and family therapy. Facilitate group discussion and intern case presentations.
- Monitor cases for risk/reporting/legal issues. Respond to clinical emergencies and guide interns through challenging client issues.
- Review/approve clinical documentation.

ADMINISTRATIVE RESPONSIBILITIES:

- Oversee intern compliance with Maple Counseling policy and terms of agreement (adequate caseloads, prompt submission of documentation, support of Maple Counseling policy with clients, etc.).
- Provide interns with ongoing clinical and professional feedback, verbally and provide written feedback as required by the graduate schools.
- Communication with graduate schools as needed.
- Approval of intern hours of experience toward licensure and supervisor forms.
- Keep the Child, Adolescent and Family (CAF) program director informed of any potential legal or ethical issues that may impact the integrity of Maple Counseling.
- Attend weekly CAF program and Clinical staff meetings.

REQUIREMENTS:

- Active clinical license in CA: Psychologist, LCSW or LMFT.
- Minimum of 2-3 years post-licensure experience.
- Strong clinical experience treating adolescents and families is essential.
- Theoretical orientation consistent with attachment and/or psychodynamic. Expertise in trauma and resiliency informed approaches and family systems theory highly desirable.
- Ability to effectively teach clinical interventions and provide feedback that fosters professional growth.
- Qualified to supervise Trainees and Associates in CA per BBS requirements.
- Experience with an electronic health record (EHR) is preferred.
